GreyStone Power offers scholarships for lineman school

GreyStone Power will be offering scholarships for students going to lineman school. Four \$5,000 scholarships will be awarded this spring to assist, support and encourage local individuals entering a lineman training school in Georgia.

Students who apply for the scholarship must be a high school graduate, GED equivalent, or be a graduating senior in good standing; a GreyStone Power member or GreyStone Power member's child living in a home served by GreyStone Power; drug free; have a safe driving record to be verified through a Georgia Motor Vehicle Report and no known medical issues that would prohibit the student from eventually obtaining a Commercial Driver's License and must be willing to sign a photo release.

Individuals who are interested in applying must complete an application, submit a 250-500 word typed essay on "Why I want to be a lineman," two letters of recommendation (one personal and one professional or academic) and be available for an interview with the scholarship selection team.

To apply to the GreyStone Power Lineman School Scholarship, visit www.greystonepower.com/scholarships. Applications must be turned in to GreyStone Power by March 15, 2024. Winners will be announced on or before April 29.

GreyStone Power is a member-owned cooperative providing electricity and related services to more than 129,000 members in eight counties, including portions of Paulding, Douglas, Fulton, Cobb, Carroll, Bartow, Fayette and Coweta counties. Learn more at www.greystonepower.com.
